

AeroCamp 2020

Campers learn firsthand about the dynamics of airplanes and flight, as well as the broad spectrum of careers in the aviation and aerospace industry. Every camper will have the opportunity to fly!

Camp Dates: July 13th-17th ✈ 9am-2pm

The 2020 Camp is a great choice for those entering grades 9-12, have an interest in aviation, and want to explore aviation further. The curriculum includes pilot-in-command responsibilities, aircraft airworthiness, weather and weather services, navigation, and communication. The campers will also perform a pre-flight inspection, plan a cross country flight and execute it!

Each camper will receive flight time and will go on 2 flying field trips!

The camp Fee of \$795 covers all fees and activities. Students will be given an Aero Camp t-shirt at the start of camp.
